ROUNDBOUT LANDSCAPE IMPROVEMENTS

Beginning July 23, and continuing through September 21, 2018, the City's contractor, Billson Construction, will be performing landscape improvements at the intersection of First, Second and Flume Streets in Downtown Chico.

The work, in general, consists of landscape improvements including tree and shrub planting, low water use drip irrigation, and aesthetic masonry and iron work.

There will be a daily lane closure on the segment of the roundabout located between First and Second Streets. All other through traffic will remain open. To minimize traffic impacts when school returns to session, the following closure schedule will be observed:

6:00 a.m. to 4:30 p.m. beginning 7/23/18 through 8/15/18

8:30 a.m. to 4:30 p.m. beginning 8/16/18 through 9/21/18

Drivers are encouraged to build extra time into their schedules or plan alternative routes to avoid the project area if possible. The City acknowledges the inconvenience and appreciates your cooperation and patience during this time. Residents and businesses are assured access to their properties at all times.

Please see attached map of the project area. For questions or concerns regarding this project, please contact City of Chico Associate Engineer Noel Carvahlo at 530-879-6935, Construction Inspector Matt Gilbert at 624-1501, or visit the Public Works Facebook page at
