**ASPHALT PAVEMENT ROADWAY REPAIRS SCHEDULED
ON VALLOMBROSA AVENUE**

On Thursday, December 7, 2017, the City of Chico's contractor, Knife River Construction, will be conducting roadway maintenance on Vallombrosa Avenue between Arbutus and Sheridan Avenues. The single day of work is scheduled to begin at 7:00 a.m. and anticipated to be completed by 5:00 p.m. In general, the work will consist of dig out and repairs of failed sections of asphalt at various locations along the roadway.

Local access throughout the project construction zone will be subject to traffic controls and temporary delays in order to accommodate construction crews and equipment. During construction, "No Parking" signs will be posted on both sides of Vallombrosa. While two-way traffic will be maintained, there will be periodic lane closures. Vehicle access to properties could be affected for brief periods if construction equipment is present and repair work is being conducted near a driveway. However, crew members will be available to assist drivers in accessing properties.

Drivers are encouraged to build extra time into their schedules or plan alternative routes to avoid the project area, if possible. Exercise caution through all construction areas. In addition, local residents can expect temporary increases in equipment noise near active work areas. The City acknowledges this inconvenience and appreciates your cooperation and patience during this time.

For questions or concerns regarding this project, please call Construction Inspector Matt Gilbert at (530) 624-1501 or e-mail at matt.gilbert@chicoca.gov.
